RECEIVED

February 23, 2023

TO: The City Council
RE: City Council's Request Regarding the 2.0 acres

Dear Councillors:

Enclosed please find a map from the Engineering Department. Last Wednesday, the City Engineer, the Junior Civil Engineer, and I went out to the site to measure the area requested.

In light of the top right as viewed being used for vehicular access, the shading in the southern portion of the lot, and the sun angle of the most western part of the property, I believe G.R.O.W has appropriately sited its area for agricultural use. I will put in 2.11 acreage in the RFP.

Sincerely,

Jeannette A. McCarthy
